2. Update 2

I have a few new ideas for H2O stories and one-shots. Comment and tell me which one would you like me to write and you to read?

P.S. I promise to update "His Cocaine Heart" and "Together Again" soon! :-)))

I'm not a girl, not yet a woman {Most probably one shot}

Rikki's changing into a young woman. She feels angry all the time and pushes away everyone from her. Just when she thinks she's all alone and wonders how to ask the girls for an excuse someone unexpected comes to help her and she realizes all she wants now is to be with him.

Choices that tear us apart

Emma returns to the Gold Coast and she just can't believe how much everything's changed. She finds out Rikki and Cleo had befriended another mermaid Bella and she can't stand it. She forces both of them to choose between her and Bella. Cleo chooses Emma's side, but Rikki can't stand what Emma wants them to do and chooses Bella. Lewis of course chooses Cleo's side. So now they're in two different groups. Lewis, Cleo and Emma are the first group and Will, Bella and Rikki are the other. Even though they're not together anymore Zane is on Rikki's side. But how long will everyone pretend everything's normal? How long will it take Emma to realize Bella is not a thread to her and both Cleo and her to realize how much they miss Rikki? How long will it take Rikki to forgive them both for what they've done? Will they ever be friends again? Will everyone ever be like one big family? And will Rikki ever forgive Zane and lets him back?...

Forbidden love
>Zane turns out to be Rikki's brother, just when they are together again. What are they going to do now?<p>

Water Chaos
>Bridget Sanchez is known as the best surfer. Rikki Chadwick is known as the most rebellious mermaid. What happens when it turns out they are twins?<p>

H2O: Just Add Blue Water High
>Rikki is somehow thrown at Blue Water High's world. There she meets Bridget, Guy and everyone else of the gang. While Bec and Gary are trying to figure out what exactly to do with Rikki, Guy says to Rikki she can stay in his room in Charlie's bed. Even though Bridget's the one that asked Guy to be just friends with him, she couldn't help herself, but get jealous. What will happen when two girls are fighting for the heart of one boy?...<p>

The Stripper {One shot}
>It's been almost 2 years since Zane moved out from Australia, went to live in New York and last heard from Rikki. It's his 21 birthday and his father throws a big party for him. He even invites a striper. That's when the big surprise for everyone takes place.<p>

My enemy's fiancÃ© {Maybe one shot, maybe not}
>After the graduation, Rikki leaves to go to America with her dad. A year later Zane is forced to go with his father to Miami, to his enemy's James' engagement party, because James' dad is one of the most important business partners of Zane's father. But what is Zane's big shock and surprise when he finds out who is James' fiancÃ©?!...<p>

I love my own brother
>Rikki meets someone else after she broke up with Zane and falls in love with him. But what is she going to do when she finds out he's her brother?...<p>

I just can't stop loving you
>At the graduation party a boy called Walden notices Rikki and he is mesmorized by her. She's the most beautiful girl he has ever seen. He falls in love with her, but how is he supposed to get her attention when he is one of those really good guys that are never noticed? How is he supposed to tell her she's the woman of his life? And how will she react when he actually does reveal her his feelings?...<p>

3. Update 3

**Hi, guys! **

_First of all â€“ I hope you're having a great day/evening! I came up with some more ideas for stories. The problem with me is that I have too many ideas, and don't have the time to write them allâ€¦ So, I promise I'll try to write them all, when I have time, so please be patient. _

_Anyway about the second thing. _

_Some time ago I've been watching "Daredevil" on the TV and I've been thinking about Rikki as the "Daredevil" or in other words as a blind superhero... Then I thought about possible storylines with this concept. If any of you is interested we can do something like that together. :-) _

_When I came up with that concept, my idea was that I wanted to write a really intriguing story. I mean a story that really catches the attention of the readers and doesn't let it go until the very end, taking them to a whole different world. I don't want to do/write the typical fluffy Zikki stories that end up always the same way â€“ with them madly in love and a baby. I really love both Rikki and Zane (actually Zane a little less because of S3) and I want to express their relationship in a whole different level, the level they deserve, the level it should really be. I want to show them going through a lot of difficulties (not some stupid drama stuff though), even if one of them have to die in the end, but to show the real strength of their love. So "Daredevil" really helped me in that way of thinking. _

Anyway if there is someone of you who's interested in writing something like that with me, I'll be very happy! You can write it in a review or you can PM me about it. So, yeah, that's all for now.

_Oh, and to answer __**Lauren**__'s question: The bigger part of my stories are about Rikki, because she's my favorite character from the H2O series. _

_Anyway here are some more ideas for stories. R&R to tell me which one you'll be interested to read. _

* * *

><p>Ashamed [Oneshot]

Cleo/Lewis (Clewis) one-shot. Cleo and Lewis are happily married and have two children. When their kids ask them how they first met, Cleo feels ashamed of the memory, but Lewis comforts herâ€¦

Essential [Oneshot]

What is essential is invisible to the heart...
Zikki/Clewis/Emash/Wella

New Year's Eve

It's New Year's Eve and everything's possible, but there's only an hour left until the New Year. Will the four mermaids be able to fix the damage in their lives made in a year, in one single hour?!

Achromatic

'Cause when I look at you everything is achromatic. Our love has lost its colors long, long agoâ€¦ _{No idea which couple it'll be about â€“ any suggestions?}_

Unnoticed [Oneshot]

He didn't notice her being there all the time. She didn't notice him longing for her attention. He didn't notice her watching him. She didn't notice him doing it on purpose. They didn't notice each other when they were really close, inches away from one another. Then something happened and they couldn't notice themselves anymore. _[The

main idea was this to be for Zikki, but if you have any other suggestions, I'll be more than glad to hear them]_

Aquamarine [Oneshot]

Because aquamarine was her stoneâ€¦ _(Not based on the girl's powers, the locket's stones or on the crystal necklaces; possibly about Emma or Cleo or even Bella - any preferences?)_

The Little Mermaids

The four mermaids and their boyfriends are married and have four beautiful little girls. Four little mermaids. Now the old mermaids have to train their daughters and go through a lot of new adventures along with them.

The end of the mermaids [Oneshot]

The four mermaids are now grandmothers and have new born grandchildren. Because of a story Lewis found they know they had to die in the ocean. So they say "Goodbye" to their husbands and go for their last swim. Their daughters visit their fathers and find out about their mothers' death. The four fathers and their children and grandchildren gather together to take a look at the family photo albums together and they all recall how great everything was before...

Forbidden love/**The forbidden fruit**

Rikki's mother suddenly shows up and Zane turns out to be Rikki's brother, just when they are together again. How will they react to the news? Will they buy Rikki's mother's words or will they do everything to prove her wrong? They say the forbidden fruit is the sweetest. Is that so?

A model daughter: The killing of Rikki Chadwick

When Zane calls Rikki's father to tell him his daughter's body has been found at the gap he is devastated. However Terry being told something very important by the police doesn't believe Rikki had jumped by her own will. "People who suicide don't scream"... Now with the help of Rikki's friends he'll find the true murderer of his beloved daughter.

What if?

What if the tentacle first attacked Rikki and then made a connection with her because she's the special one amongst the girls and the one who's chosen by Mako to destroy the comet? What if Cleo and Bella figure it out before Rikki and desperate to stop her they ask non other but Zane to help them keep Rikki safe? What if Rikki figures out what she has to do on her own and sacrifices herself? What if it costs her tale, her powers and her memory?! And what if there's no way to reverse it?! What ifâ€¦

In love with my best friend

Cleo receives awful news and it turns out Rikki's the one who has to comfort her and to be there for her. They become closer and closer until one day Cleo sees Rikki in a very different perspective - as a

woman. Meanwhile Rikki and Zane have a little chat and she finally lets him back. How will the things turn out in the end?

Unforgivable (crushes)

Everyone have kids that are 17 or 18. Rikki and Bella have daughters and Emma and Cleo - sons. But what happens when it turns out Cleo's and Emma's sons have a crush on their "aunts" Rikki and Bella, though they're Rikki's and Bella's daughter's boyfriends?

The Journey

Rikki, the gang and Zane go at his chalet up in the mountains for a week to celebrate their graduation. The gang founds itself having to go through a whole bunch of new adventures in the Alps and when they come back to Australia they realize how much their lives had changed.

Rikki has a new boyfriend Guy Spender and they're dating for 6 months. They go with Zane and the gang on a vacation at Guy's residence. There Rikki's new boyfriend proposes to her (in front of everybody, including Zane). She is shocked and asks him to give her some time because she needs to think it through. Zane uses the opportunity to talk to Rikki. They argue but their fight ends up with them spending the night together. On the other morning however Rikki accepts Guy's proposal. Will Zane be able to stop Rikki from doing the biggest mistake in her life? Will something else change Rikki's decision?

The explosion

Rikki is at the cafÃ© when a bomb explodes/blows up. She survives and is not wounded seriously, but is really shaken. She starts having nightmares and changes into a different person. She cuts her hair, spends much time swimming alone and avoiding her friends and Zane. She can't stop thinking about what had happened. Can her friends help her come out of her state of shock and depression before it's too late?!..

Out of control

Zane runs a successful company. Rikki is his wife, but one day she finds out she's pregnant and that messes up their whole life.

The proposition/Being famous

A famous producer comes at Rikki's and notices Rikki. He then proposes her to make her famous and she accepts. But what happens after that?! Will she be able to keep her secret?

What betrayal really means

Rikki has a successful company. Zane buys it not knowing it's hers and that leads to her losing her job. When she realizes who is the person did that to her, she feels betrayed.
